

MEMORANDUM FOR: Acting Director of Logistics

FROM: Chief
Information and Management Support Staff, OL

SUBJECT: Progress Report on Adopting Recommendations
Made by the Grace Commission

1. As you will recall, our response to the DDA, on 5 March 1984, regarding the Grace Commission recommendations was:

(a) that many of the recommendations were not applicable to the Agency,

(b) a number of those that were applicable would be handled by LIMS, and

(c) we merely concurred in a number of other recommendations while assuring the DDA that in those isolated instances where we could take unilateral action to adopt recommendations, we would do so as time permitted.

2. Each OL division and staff was provided a copy of the consolidated OL report to the DDA, asked to review and retain the report, and to provide this office with ad hoc progress reports on any recommendations adopted. To date we have not received a progress report from any OL component.

3. If you wish we will query OL components regarding any action they may have undertaken toward adopting or implementing relevant recommendations. However, given the current complexity and magnitude of activities in OL, plus the fact that only two months have elapsed since the report was forwarded to the DDA, it is my guess that little if anything has happened with Grace Commission recommendations.

4. Please let me know if you wish us to canvass OL components.
